Sr.No	Scheme Name	Total Gain
1	Central Government	₹ 13,17,370
2	LC25	₹ 13,68,177
3	100% G Sec	₹ 12,75,042
4	LC50	₹ 14,64,100

The following assumptions have been made in the calculations:

1. **% Annual Increase in contribution:** If no value is provided for the Annual Increase in Contribution, the calculation will be made using historical inflation CAGR of past 10 years.
2. **My expectation of return on investment is:** If no value is provided for expected return on investment, the calculation will be made using the Compound Annual Growth Rate (CAGR) from the past 10 years of the relevant asset class benchmark.

Please note that the selected pension fund may perform better or worse than the benchmark.

3. **I would like to purchase Annuity Ratio:** If no value is provided for purchase Annuity Ratio, the calculation will be made using the 40% annuity ratio as per the Pension Fund Regulatory and Development Authority guidelines which mandate minimum annuity purchase of 40% for individuals retiring after the age of 60.
4. **I am expecting an Annuity Rate of:** If no value is provided for expected Annuity Rate, the calculation will be made using the average annuity rate offered by various annuity service providers.
