**Oil India Limited celebrates World Environment Day, 2017**

Oil India Limited (OIL), the second largest national E&P company in the country, celebrated the World Environment Day-2017 in its Corporate Office in Noida, with whole-hearted enthusiasm and commitment to the cause. Various programs were organised in the day long celebrations around the theme for this year, 'Connecting People to Nature', which urges us to get outdoors and into nature, to appreciate its beauty and to think about how we are part of nature and how intimately we depend on it.

Sri P.K. Sharma, Director (Operations) and Dr. P. Chandrasekaran, Director (Exploration & Development) released OIL's Green Documentary Film, "The Circle of Life- Oil India Limited and Environment", on the company's efforts in protecting the environment around its operational areas. They also felicitated Ms. Vidushi, a Class-VII student from Greater Noida, for her sincere efforts in conservation of water and environment protection in the area. This was followed by a signature campaign to pledge for environmental protection and combating Global Warming. The Directors then carried out the ceremonial plantation of tree saplings, subsequent to which tree/plant saplings were distributed to all present. Earlier in the day, an informative quiz on environmental protection and Climate Change was also conducted as part of the celebrations.

The World Environment Day-2017 was also celebrated in the company's offices across the country, including its Fields Headquarters in Duliajan, Assam.
